Schedule #1—General Information

Part 1: Applicant Information

Organization name	County-District #	Amendment #	
Laredo Independent School District	240901		
Vendor ID #	ESC Region #		
	01		
Mailing address	City	State	ZIP Code
1702 Houston St.	Laredo	TX	78040-4951

Primary Contact

First name	M.I.	Last name	Title
Rogelio		Garcia	Director for Career and Technology Education
Telephone #	Email address		FAX #
956-273-1861	roggarcia@laredoisd.org		

Secondary Contact

First name	M.I.	Last name	Title
Scott		Roberts	Grant Writer/Research Analyst
Telephone #	Email address		FAX #
956-273-1268	sroberts@laredoisd.org		

Part 2: Certification and Incorporation

I hereby certify that the information contained in this application is, to the best of my knowledge, correct and that the organization named above has authorized me as its representative to obligate this organization in a legally binding contractual agreement. I further certify that any ensuing program and activity will be conducted in accordance with all applicable federal and state laws and regulations, application guidelines and instructions, the general provisions and assurances, debarment and suspension certification, lobbying certification requirements, special provisions and assurances, and the schedules attached as applicable. It is understood by the applicant that this application constitutes an offer and, if accepted by the Agency or renegotiated to acceptance, will form a binding agreement.

Authorized Official:

First name	M.I.	Last name	Title
Sylvia	G.	Rios	Superintendent of Schools
Telephone #	Email address		FAX #
956-273-1401	sgrios@laredoisd.org		

Signature (blue ink preferred)

Date signed

9-22-17

Only the legally responsible party may sign this application.

Schedule #1—General Information

County-district number or vendor ID: 240901

Amendment # (for amendments only):

Part 3: Schedules Required for New or Amended Applications

An X in the "New" column indicates a required schedule that must be submitted as part of any new application. The applicant must mark the "New" checkbox for each additional schedule submitted to complete the application.

For amended applications, the applicant must mark the "Amended" checkbox for each schedule being submitted as part of the amendment.

Schedule #	Schedule Name	Application Type	
		New	Amended
1	General Information	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
2	Required Attachments and Provisions and Assurances	<input checked="" type="checkbox"/>	N/A
4	Request for Amendment	N/A	<input checked="" type="checkbox"/>
5	Program Executive Summary	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6	Program Budget Summary	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7	Payroll Costs (6100)	See Important Note For Competitive Grants*	<input type="checkbox"/>
8	Professional and Contracted Services (6200)		<input type="checkbox"/>
9	Supplies and Materials (6300)		<input type="checkbox"/>
10	Other Operating Costs (6400)		<input type="checkbox"/>
11	Capital Outlay (6600)		<input type="checkbox"/>
12	Demographics and Participants to Be Served with Grant Funds	<input checked="" type="checkbox"/>	<input type="checkbox"/>
13	Needs Assessment	<input checked="" type="checkbox"/>	<input type="checkbox"/>
14	Management Plan	<input checked="" type="checkbox"/>	<input type="checkbox"/>
15	Project Evaluation	<input checked="" type="checkbox"/>	<input type="checkbox"/>
17	Responses to TEA Requirements	<input checked="" type="checkbox"/>	<input type="checkbox"/>
18	Equitable Access and Participation	<input checked="" type="checkbox"/>	<input type="checkbox"/>

***IMPORTANT NOTE FOR COMPETITIVE GRANTS:** Schedules #7, #8, #9, #10 and #11 are required schedules if any dollar amount is entered for the corresponding class/object code on Schedule #6—Program Budget Summary. For example, if any dollar amount is budgeted for class/object code 6100 on Schedule #6—Program Budget Summary, then Schedule #7—Payroll Costs (6100) is required. If it is either blank or missing from the application, **the application will be disqualified.**

Schedule #2—Required Attachments and Provisions and Assurances

County-district number or vendor ID: 240901

Amendment # (for amendments only):

Part 3: Program-Specific Provisions and Assurances☒ I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.

#	Provision/Assurance
1.	The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
2.	The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
3.	The applicant provides assurances that they will continue to meet all Statutory Requirements as outlined in their 2017–2018 Perkins Formula Grant incorporated by reference.
4.	The applicant assures that its ability is to meet the 20% match requirement.
5.	Applicants applying for Focus Area 1, 2, or 3 provide assurance that the curriculum they develop will be appropriately aligned to marketable skills in the identified high-demand occupations. It may include industry recognized credentialing as part of the degree plan.
6.	Applicants applying for Focus Area 1, 2, or 3 provide assurance that the development and implementation of industry experiences, including mentorship programs, internships, externships, and/or apprenticeship, will expose students to applied learning and real-world work activities in the identified high-demand occupation(s).
7.	Applicants applying for Focus Area 1, 2, or 3 provide assurance that, within 90 days of the grant start, awarded applicants will submit a Memorandum of Understanding (MOU) detailing the relationship between the dual credit partner, the LEA, and business and industry partner(s).

Schedule #5—Program Executive Summary

County-district number or vendor ID: 240901

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Indicate the Focus Area for which you are applying. **Only one Focus Area may be selected per application, limit of two applications per LEA** (see Program Guidelines pages 8 and 11 for more information on eligibility requirements for each of the Focus Areas).

- ☐ Focus Area 1: Pathway Hubs, Rural Schools
- ☐ Focus Area 2: Pathway Hubs, Career Center Partnerships
- ☐ Focus Area 3: CTE Career Cluster
- ☒ Focus Area 4: Testing Site/Licensed Instructor

Laredo, Texas is linked geographically/culturally with Mexico, located in the nation's most remote and rural Mexican border regions (Webb County) and is positioned over 150 miles from the nearest urban area where our students live in one of the ten poorest counties in the state. Laredo ISD is an inner city K-12 district in the heart of Webb County, Texas serving over 24,166 students from severely impoverished homes (94.3% economically disadvantaged), is impacted by Spanish as their first language youth (59.6% ELL), and (73.5% At-Risk) according to the 2016-2016 Texas Academic Performance Report. As the 2011 census poverty data indicates, 12,323 or 56.69% of children are from families with incomes below poverty line. 93.82% of children receive free/reduced lunch are at Laredo ISD high need schools. Based on this data there is a strong need to provide students with career cluster resources and provide their schools access to technologies, labor market, career information and innovative practices that are key to the students career pathways to identified high-demand, high wage occupations that are in desperate need in our community.

In a comprehensive effort to improve and achieve foundational elements necessary for the development of career and technical education courses or programs in a high-demand occupation the Laredo Independent School District (**Laredo ISD**) Career and Technical Education Program has opted to implement and develop strategies to target high-growth, high-demand and emerging occupations creating Career and Technical Education Testing Site/Licensed Instructor in Electrical and Welding Trades for the **Career Cluster Pathways** that is critical to the state, regional, and local economies under **Focus Area 4**.

This development strategy is aligned to the marketable skills as identified in our areas high-demand occupations, Texas Accountability Intervention System (TAIS), state standards, district goals, instructional pedagogies, school improvement initiatives, program-specific provisions, assurances, and statutory requirements. In addition, the **Laredo ISD** Leadership Team has identified accelerated achievement and creating Career and Technical Education Testing Site/Licensed Instructor as critical to the state, regional, and local economies as key elements to impacting and creating an organizational culture that is open, collaborative, and supportive of inspiring young minds to achieve their educational and career goals in Electrical and Welding Trades.

Increasing teacher effectiveness in industry standards in Electrical and Welding Trades and expanding teacher capacity and incorporating resources to achieve higher student expectations have been a key part of our core strategy using resources allocated and applying the targeted funding to address specific rigorous, transparent, and equitable Testing Site/Licensed Instructor opportunities that are critical to the state and local economies under **Focus Area 4**.

Laredo ISD's Career and Technical Education Program recently incorporated the Texas Early College High School Blueprint Benchmarks into the **Career Cluster Pathways** that are critical to the state, regional, and local economies under **Focus Area 4** that will provide a curriculum that offers an opportunity for more rigorous and accelerated certifications in key Electrical and Welding Trades at the state, regional, and industry career clusters by including a Testing Site/Licensed Instructor to our current Career Technical Education program.

Schedule #5—Program Executive Summary (cont.)

County-district number or vendor ID: 240901

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Highlights from the Laredo ISD Career and Technical Education Program strategic implementation of Testing Site/Licensed Instructor under Focus Area 4 have been identified several planned strategies that include:

- **Data-driven Decision Making:** by enrolling and preparing students for occupations in areas that offer high wages, high skills, and are in high demand that are critical to the state, regional, and local economies based on local regional, and state workforce and industry cluster data. Using quality data to identify and implement an instructional vision that is research-based, vertically aligned establishes and strengthens community partnerships by creating a Testing Site/Licensed Instructor under **Focus Area 4** in Electrical and Welding Trades as well as aligning with district, college academic standards, and occupations in areas that offer high wages, high skills, and are in high demand. The data collected will assess the effect of the implementation on teacher effectiveness, and allow for continuous program improvement and sustainability.
- **Fostering and Strengthening Innovation:** addressing subpopulations, college and career readiness, school culture, and school climate through a flexible identification and promotion of practices and strategies for promising Career Technical Education Programs that prepare students for nontraditional fields.
- **Improvement of Instructional Opportunities:** increasing the total number of workforce , industry certifications, and other credentials of high-quality value earned through an increased focus on student support services that leads to increased attendance and academic performance.

During the Implementation, the Career Technical Education Program and School Leadership Team will use Perkins Reserve funds to:

(a) Supplement current funding by increasing the level of services and increasing activities that provide additional opportunities for our teacher sto get certification and become Testing Site/Licensed Instructor in order to provide students the opportunity to become certified in high-demand occupations in key local and regional industry clusters. Increasing teacher effectiveness in industry standards and expanding teacher capacity and incorporating resources to achieve higher student expectations;

(b) Promote continuous use of student data to innovate and expand the Testing Site/Licensed Instructor that are critical to the state, regional, and local economies under **Focus Area 4** in Electrical and Welding Trades;

(c) Increase learning time and creating community-oriented schools that compliment the development and implementation of experiences in high demand, high wage industries including: schedules and strategies that provide increased learning time;

(d) Provide ongoing mechanisms for family and community engagement while providing operational flexibility and sustained support that integrates technology-based supports/interventions as an integral part of the Career Technical Education Program; and

(e) Provide additional supports and professional development to teachers that implement effective strategies to support students with disabilities in the least restrictive environment and ensures limited English proficient students acquire language skills to master academic content.

Schedule #13—Needs Assessment

County-district number or vendor ID: 240901

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired outcome or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. If this application is for a district level grant that will only serve specific campuses, list the name of the campus(es) to be served and why they were selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The **Laredo ISD** Leadership Team has identified the urgent need for systemic change that will build organizational capacity and create greater operational flexibility and opportunities for sustained strategies to target high-growth, high-demand and emerging occupations by becoming a Testing Site with a Licensed Instructor in Electrical and Welding Trades. This Comprehensive Needs Assessment (CNA) provides highlights of Laredo ISD's background information, key areas for targeted growth in providing a Testing Site/Licensed Instructor under **Focus Area 4**, and a summary of the proposed opportunities for our students pathway to obtain certification in a high-demand, high wage occupation in this key state, regional, and local industry career cluster.

The Leadership Team has performed a data analysis in order to develop the comprehensive needs assessment (CNA). The CNA is conducted with all stakeholder input and is incorporated into the Campus Improvement Planning; the following points illustrate the process and findings of the CNA.

The program objectives include identified critical success factors (CSF's) to create situational awareness in key areas for targeted growth in creating a Testing Site/Licensed Instructor under **Focus Area 4**. These are the foundational core of the Texas Accountability Intervention System (TAIS) developed by TEA. The CSF's are grounded in evidence-based research that include: (1) Improving Academic Performance; (2) Increasing the Use of Quality Data to Drive Instruction; (3) Increasing Leadership Effectiveness; (4) Increasing Learning Time; (5) Increasing Parent/Stakeholder Involvement; (6) Improving School Climate; and (7) Increasing Teacher Quality.

Key areas for targeted growth in preparing to become a Testing Site with a Licensed Instructor under **Focus Area 4** identified in the CNA **Career Cluster Pathways** indicated a strong need for occupations in **Electrical (47-2110)** and **Welding (47-2152)** as high demand, high wage occupations in a Career Cluster that has is very well defined and articulated leading to certification or postsecondary degree programs. The Career Clusters that this funding will target include the following: Occupation SOC code **Electrician (47-2110), Welders, Cutters, Solderers, and Brazers (47-2152), and Structural Iron and Steel Workers (47-2220).**

Objective:

Provide a Testing Site with a Licensed Instructor for the Electrical and Welding Career Clusters thereby providing teachers the opportunity to become instructor certified and provide students the opportunity to have a testing site on campus that allows them to receive their certification along with their dual-credits courses granting a seamless transition to externships/internships, and a seamless transition platform from secondary to postsecondary degree options under **Focus Area 4**.

Career Cluster Pathway

High School Course	College Credit	Certification
Principles of Manufacturing (Articulated)	WLDG 1425 Intro to Oxy-Fuel Welding & Cutting	Welding Certificate
Precision Metal Manufacturing I (Articulated)	WLDG 1428 Intro to SMAW	Welding Certificate
Advanced Precision Metal Manufacturing II	WLDG 1407 Intro Welding using Multiple Processes	Welding Certificate
Metal Fabrication and Machining I	WLDG 1417 Intro to Layout and Fabrication	Welding Certificate
Electrical Technology I	ELPT 1321 Intro to Electrical Safety & Tools	Electrician Helper 1 Certificate
Electrical Technology I	ELPT 1325 National Electrical Code	Electrician Helper 1 Certificate
AC/DC Electronics	ELPT 1311 Basic Electrical Theory	Electrician Helper 1 Certificate
Construction Technology I	RBPT 2345 Onsite Power Generation & Renewable Energy	Electrician Helper 1 Certificate
Construction Technology II	ELPT 1429 Residential Wiring	Electrician Helper 1 Certificate

Schedule #13—Needs Assessment (cont.)

County-district number or vendor ID: 240901

Amendment # (for amendments only):

Part 2: Alignment with Grant Goals and Objectives. List your top three to five needs, in rank order of assigned priority. Describe how those needs would be effectively addressed by implementation of this grant program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Identified Need	How Implemented Grant Program Would Address
1.	<i>Increase Career Cluster Pathways Certification</i>	Increase Career Cluster Pathway certification by becoming a testing site with certified training instructor in high-demand, high wage occupations in Electrical and Welding Trades.
2.	<i>Increase Teacher Quality and Leadership Effectiveness</i>	By teachers receiving ceretifications to become testing site instructors and enhancing the quality of instruction in Electrical and Welding Trades.
3.	<i>Increase Use of Quality Data to Inform Instruction</i>	Use data to identify and implement the Testing Site program that is: (A) Research-based; (B) Developmentally appropriate; and (C) Promotes academic content across a range of development.
4.	<i>Improve the Instructional Program to Support Student training and employment opportunities</i>	Promote opportunities through expanded internships/externships, community service opportunities, and meaningful employment opportunities for vocational training in high-growth, high-demand and emerging occupations in Electrical and Welding.
5.	<i>Increase Learning Time and School Climate</i>	Use advanced technology and hands-on immersion experiences and data to enhance cooperative learning integrating related topics promoting certification in Electrical and Welding Trades while increasing teacher/student accountability.

Schedule #14—Management Plan

County-district number or vendor ID: 240901

Amendment # (for amendments only):

Part 1: Staff Qualifications. List the titles of the primary project personnel and any external consultants projected to be involved in the implementation and delivery of the program, along with desired qualifications, experience, and any requested certifications. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Title	Desired Qualifications, Experience, Certifications
1.	Assistant Superintendent for Curriculum and Instruction	Requires 20+ years experience in an educational setting with administrative experience of 10+ years, Certified in Educational Administration with a strong curriculum based background.
2.	Director for Secondary Education	Requires 20+ years experience in an educational setting with administrative experience of 10+ years, Certified in Educational Administration with a strong background in providing program Management/Administration, Performance Evaluation and Reporting.
3.	Director for Career Technology Education	Requires 20+ years experience in an educational setting with administrative experience of 10+ years, Certified in Educational Administration with a strong career technology education curriculum based background.
4.	Deans/Instructional Specialists	Requires 10+ years experience in an educational setting with some administrative experience, Certified in education, some educational administration or related field with a strong background in benchmark testing, assessment result evaluation, planning of professional development sessions necessary to carryout program intent and overall program evaluation.
5.	Human Resources Specialist/Coordinator	Requires 15+ years experience in an educational setting with administrative experience of 5+ years in Human Resource Management, Certified in Educational Administration or related field with a strong Human Resource background necessary to carryout personnel planning and staffing formulas.
6.	Career Pathway – Construction Trades Teachers	Requires 0 - 10+ years experience in an educational setting with teaching and some administrative experience in program design and implementation, Certified in education, some educational administration or related field with a strong background in certification testing, assessment result evaluation, planning of necessary to carryout program intent and overall program evaluation.

Part 2: Milestones and Timeline. Summarize the major objectives of the planned project, along with defined milestones and projected timelines. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Objective	Milestone	Begin Activity	End Activity
1.	Improve Instructional Quality and Delivery	1. Create Testing Site with a Licensed Instructor in Electrical and Welding Trades	11/13/2017	08/31/2018
		2. Apply and use existing campus resources, such as instructional equipment, hardware and/or software, to support the program.	11/13/2017	08/31/2018
		3. Lesson Plans are aligned to curriculum to improve student achievement and acquire certification.	11/13/2017	08/31/2018
		4. Increase the number of students receiving Electrical and Welding Certification.	11/13/2017	08/31/2018
		5. Enhance and expand opportunity for internships/externships	11/13/2017	08/31/2018
2.	Increase Teacher Quality	1. Enhance relationships with regional, local colleges and universities, such as Texas A&M International University, Laredo Community College to increase participation in certification programs, college and career readiness	11/13/2017	08/31/2018

Schedule #14—Management Plan (cont.)

County-district number or vendor ID: 240901

Amendment # (for amendments only):

Part 3: Feedback and Continuous Improvement. Describe the process and procedures your organization currently has in place for monitoring the attainment of goals and objectives. Include a description of how the plan for attaining goals and objectives is adjusted when necessary and how changes are communicated to administrative staff, teachers, students, parents, and members of the community. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Implement structures and processes to solicit feedback and monitor the program progress on an on-going basis. These efforts will continue beyond the program funding period because the school leadership teams based its initiatives and decisions using Labor Market and Career Information on high-demand occupations identified by the Local Workforce Development Boards as a Board Area Target Occupation List. The feedback and continuous improvement plan consists of concepts and skills associated with high-growth, high-demand and emerging occupations in **Career Clusters** under **Focus Area 4** in our offered **Career Cluster Pathways** and will increase the opportunity to develop a Testing Site with a Licensed Instructor in Electrical and Welding Trades as part of **Focus Area 4**.

The Testing Site with a Licensed Instructor in Electrical and Welding Trades as part of **Focus Area 4** included using Labor Market and Career Information on high-demand occupations identified by the Local Workforce Development Boards as a Board Area Target Occupation List of related careers. The feedback and a continuous improvement plan includes activities to ensure each Critical Success Factor milestone is met and are part of a value-added evaluation process.

The milestones for each CSF are tied to a continuous feedback and improvement model that include, but are not limited to, **a)** Ensuring the product/service Testing Site with a Licensed Instructor in Electrical and Welding Trades is research-based; **b)** Ensuring the **Career Clusters** under **Focus Area 4** is aligned to federal/state/local laws, policies, and standards; **c)** Provides formative, interim, and progress monitoring assessment components contained within product/service, as relevant; **d)** Provides intensive assistance and related teacher supports that are built-in components of product/service; and **f)** Have provision for appropriate professional development interventions, business/community partnerships and supports for teachers.

Additionally, The feedback and continuous improvement plan will provide for the identification and corrective actions to address deficiencies that ensure continual improvement based on proposed versus actual implementation associated with the Testing Site with a Licensed Instructor in Electrical and Welding Trades impacting high-growth, high-demand and emerging occupations in the **Career Clusters** under **Focus Area 4**.

Part 4: Sustainability and Commitment. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds? How will you ensure that all project participants remain committed to the project's success? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The Testing Site with a Licensed Instructor in Electrical and Welding Trades will provide the capacity to sustain the program under **Focus Area 4** after the grant funding period ends. In order to do so, the Career Technical Education program along with the Sabas Perez School for Engineering, School Leadership Team, educational and industry partners will align district funding and initiatives to support the Testing Site initiatives that provides an even greater opportunity for our Licensed Instructors to engage students in transition from secondary to postsecondary educational programs.

Program funds will supplement and not supplant state mandates, rules or activities previously conducted with state and local funds. State Compensatory, Title I, and Local Funds will be used in conjunction with this program to maximize the use of funds through fund coordination and resources in order to ensure cost effectiveness. The district central office administration will identify how other resources (federal, state, local, and private) will be utilized to coordinate services to support and sustain the program. The funds will be expended on the Testing Site with a Licensed Instructor in Electrical and Welding Trades under **Focus Area 4** strategies to support the improvement of teacher quality and student preparedness, teacher instructional delivery and teacher content competency, and student post secondary readiness.

Schedule #15—Project Evaluation

County-district number or vendor ID: 240901

Amendment # (for amendments only):

Part 1: Evaluation Design. List the methods and processes you will use on an ongoing basis to examine the effectiveness of project strategies, including the indicators of program accomplishment that are associated with each. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Evaluation Method/Process	Associated Indicator of Accomplishment	
1.	Implement structures and processes to solicit feedback and monitor the program progress on an on-going basis	1.	Initiatives and decisions based on research and scientifically relevant data.
		2.	Activities for continuous improvement to ensure each Critical Success Factor milestone is met and are part of the value-added evaluation process.
		3.	The milestones for each CSF are tied to a continuous feedback and improvement.
2.	Identify and correct program deficiencies to ensure continual improvement	1.	Compile and disaggregate data by implementing evaluation strategies such as using the Performance Effectiveness Report to identify and correct deficiencies.
		2.	Descriptive information on proposed versus actual implementation.
		3.	Evaluating and identifying additional program needs to ensure continual improvement.
3.	Increase the number of teachers receiving advanced training and certification	1.	Identify and implement teacher advanced training and certification
		2.	Work with community/business partners to create a on-site certification program targeting Testing Site with a Licensed Instructor in Electrical and Welding Trades under Focus Area 4 .
		3.	Increases in the number of teacher with advanced training and instructor certification.
4.	Identify and implement increased internships/externships with this business community	1.	Number of Instructors employed or receiving Professional Development in Electrical and Welding Trades.
		2.	Increased number of local and regional business partnerships in Electrical and Welding Trades.
		3.	Evaluate and Identifying additional needs to ensure continual partnerships.

Part 2: Data Collection and Problem Correction. Describe the processes for collecting data that are included in the evaluation design, including program-level data such as program activities and the number of participants served, and student-level academic data, including achievement results and attendance data. How are problems with project delivery to be identified and corrected throughout the project? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Teachers will receive support from the Career Technical Education Program and school leadership team in disaggregation of data that will be broken down by objective, teacher, and students demographics. Data disaggregation will also take place by allowing for compiling and disaggregating data by implementing evaluation strategies such as using the Performance Effectiveness Report to identify and correct program deficiencies.

The information will be submitted to the proper individuals so that the school leadership team has access to the data to guide the program implementation in developing the testing site and ensuring all teachers receive the proper program certification necessary to carry out the program intent and for modifying or improving the program as a result of on-going evaluation of certification testing implemented that meet the program goals and performance objectives. Career and Technical Education Program has opted to implement and develop data driven strategies to target high-growth, high-demand and emerging occupations creating a testing site for **Career Cluster Pathways** that are critical to the state, regional, and local economies under **Focus Area 4** in Electrical and Welding Trades.

This program strategy is aligned to the our areas high-demand occupations, state standards, district goals, instructional pedagogies, school improvement initiatives, program-specific provisions, assurances, program, and statutory requirements. Problems with program structure and delivery will be identified and corrected throughout the program using formative, interim, and summative assessments along with the Performance Effectiveness Report data results.

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 240901

Amendment # (for amendments only):

TEA Program Requirement 1: Explain how the project identified the high-demand occupations and their related programs of study in partnership with the local workforce development board. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Applicants applying for Focus Areas 1, 2, or 3 must address this question.

The Career Technical Education Program searched the local, regional, and state occupational trends data from texascareercheck.com to identify current high-demand occupations and their related programs of study in partnership with the local workforce development board and Laredo Community College to formulate and create the planned Testing Site for our **Career Cluster Pathways** under **Focus Area 4** in Electrical and Welding Trades. Career and Technical Education Program has opted to implement and develop the Testing Site increasing teacher effectiveness in industry standards in Electrical and Welding Trades and expanding teacher capacity and incorporating resources to achieve higher student expectations that are a key part of our core strategy using resources allocated and applying the targeted funding to address specific rigorous, transparent, and equitable Testing Site/Licensed Instructor opportunities that are critical to the state and local economies under **Focus Area 4** in Electrical and Welding Trades.

This Testing Site/Licensed Instructor development strategy under **Focus Area 4** is aligned to the marketable skills as identified by our partnership with the local workforce development board and Laredo Community College addressing areas of our local high-demand occupations. In addition, the Career Technical Education Program has had a strong partnership with our local workforce development board for a number of years now participating in their Teacher Externship program that has provided additional opportunities to engage our teachers in hands-on professional development opportunities working with our local business community in occupations relevant to the teachers Career Technical Education courses taught. This partnership has strengthened our coordinated efforts to provide our students the opportunity to prepare for and seek out regional, and local high-demand, high wage occupations.

These innovative practices allows for the application of the Critical Success Factors that are grounded in evidence-based research enhancing students acquisition of academic, technical skills, and acquiring knowledge in their chosen **Career Cluster Pathway** including: (1) Improving Academic Performance; (2) Increasing the Use of Quality Data to Drive Instruction; (3) Increasing Leadership Effectiveness; (4) Increasing Learning Time; (5) Increasing Parent/Stakeholder Involvement; (6) Improving School Climate; and (7) Increasing Teacher Quality.

The results of our comprehensive effort to create a student centered learning environment has provided increased opportunities to enhance our current programs of study linking specific career cluster resources with district efforts to implement, expand, and sustain our commitment to coordinating and building upon current partnerships with Laredo Community College (LCC), and other key community and business partnerships that support building capacity for implementing a sustained Career and Technical Education Program under **Focus Area 4** that target our state, regional, and local high-demand, high wage occupations in Electrical and Welding Trades.

The Testing Site/Licensed Instructor development strategy under **Focus Area 4** is designed to improve student outcomes by providing more real world and cutting edge educational/technical opportunities through this new and enhanced **Career Cluster Pathway** that will excite and engage students in deeper learning. **Laredo ISD** ensures that all courses that are part of the Testing Site/Licensed Instructor development strategy under **Focus Area 4** substantially contribute to certificate or degree programs. **Laredo ISD** will also provide work-based learning opportunities for students that will help them connect what they are learning in the classroom with the workplace.

The Career Clusters Testing Site/Licensed Instructor that this funding will target include the following:

Occupation SOC code**Electrician (47-2110)****Welders, Cutters, Solderers, and Brazers (47-2152)****Structural Iron and Steel Workers (47-2220)****For TEA Use Only**

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 240901

Amendment # (for amendments only):

TEA Program Requirement 2: Describe how you will design at least one program of study that spans secondary and postsecondary education and includes an appropriate sequence of courses that are aligned with high-demand occupations identified by local regional workforce board. The program of study should build in rigor as students progress through high school. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Applicants applying for Focus Areas 1, 2, or 3 must address this question.

Currently, the Career Technical Education Program along with the Sabas Perez School for Engineering, School Leadership Team and Laredo Community College are in the process of developing a Testing Site/Licensed Instructor under **Focus Area 4** in Electrical and Welding Trades. This strategy will lead to dual-credit and a one semester Certification program in Electrical and/or Welding that is included in our plan under **Focus Area 4** in our offered **Career Cluster Pathways**.

The development of a Testing Site/Licensed Instructor development strategy under **Focus Area 4** in Electrical and Welding Trades spans secondary and postsecondary education and includes an appropriate sequence of courses that are aligned with high-demand occupations identified by local regional workforce board. The Electrical and Welding Trades program of study will build in rigor as students progress through high school and complement our current **Career Cluster Pathways** as described on page 17.

The Testing Site/Licensed Instructor development strategy under **Focus Area 4** in Electrical and Welding Trades will allow for the enhancement, expansion, and growth of the current course offerings and this funding opportunity will now allow us to enhance and add this new component to our **Career Clusters Pathways** to provide an even greater opportunity for our students to transition from secondary to postsecondary educational programs.

Monitoring of the Testing Site/Licensed Instructor development strategy under **Focus Area 4** in Electrical and Welding Trades will be on an on-going basis to solicit feedback on instructor certification programs and students' progress, fidelity to the plan and timeline, and to provide support as needed. Meetings will include teachers, campus administrator/facilitator, teacher-aides, counselor, support staff, our partner organization Laredo Community College (LCC) and our industry partners (Quality Air and Electrical, Airgas, and Laredo Discount Metals). Data will be collected in order to show the extent to which the Testing Site/Licensed Instructor development strategy under **Focus Area 4** in Electrical and Welding Trades activities were implemented as planned to include process, product, and program outcomes under **Focus Area 4** in our offered **Career Cluster Pathways**.

In addition, the Testing Site/Licensed Instructor development strategy under **Focus Area 4** in Electrical and Welding Trades objectives include identified critical success factors (CSF's) to create situational awareness in key areas for targeted growth in **Career Clusters Pathways** under **Focus Area 4** and will provide the specific career cluster resources needed for students to become successful and the program to have access and availability to the latest technologies, labor market, and career information complementing our structured plan under **Focus Area 3**.

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 240901

Amendment # (for amendments only):

TEA Program Requirement 3: Provide a sample crosswalk that identifies postsecondary coursework that would be required of a student in the program of study in order to complete a certificate or receive an associate's degree from the partnering general academic teaching institution(s) within two to three years of graduating from high school. The crosswalk may also demonstrate how the project can lead to a bachelor's degree. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Applicants applying for Focus Areas 1, 2, or 3 must address this question.

Key partnerships with Laredo Community College and Texas A&M International University are used to provide opportunities for our students to obtain dual credit, advanced placement (AP), certification, and degrees in high-demand occupations in key local and regional industry clusters. The Construction Trades **Career Cluster Pathways** is designed to enhance, expand and grow Laredo ISD's current course offerings and this funding opportunity will now allow us to enhance and add a Testing Site/Licensed Instructor under **Focus Area 4** in Electrical and Welding Trades to our **Career Cluster Pathways** under **Focus Area 4**.

The Career Technical Education Program, School Leadership Team, Educational and Industry Partners developed a crosswalk that identifies postsecondary coursework required for students in the Construction Trades **Career Cluster Pathways** specifically in Electrical and Welding Trades in order to complete a certificate that also provides opportunity for students to receive an associate's degree or continue in transition to a four year bachelor degree. This sample crosswalk also demonstrates how the **Career Cluster Pathways** Testing Site/Licensed Instructor development strategy under **Focus Area 4** in Electrical and Welding Trades that can lead to a student receiving an Associate's or Bachelor's degree as well providing an even greater opportunity for our students to transition from secondary to postsecondary educational programs.

Crosswalk

Program of Study	High School Course	College Credit	Certification	Degree
Construction Trades (47-1011) Electrician (47-2110)	Electrical Technology I	ELPT 1321 Intro to Electrical Safety & Tools	Electrician Helper 1 Certificate	Associate in Arts Associate in Science or Associate in Applied Arts and Science Degree or Bachelor in Arts or Bachelor in Science Degree

Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 240901

Amendment # (for amendments only):

TEA Program Requirement 4: Identify the partner organizations that will help carry out the grant. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point. **Applicants applying for Focus Areas 1, 2, or 3 must address this question.**

Laredo ISD and the Career Technical Education Program are committed to continue to collaborate with our educational and business partners; Laredo Community College (LCC), Texas A&M International University, and the South Texas Workforce Commission in providing continued additional dual-enrollment, AP, degrees and certifications in high-demand occupations in key local and regional industry clusters beyond the grant program in order to continue to provide opportunities to achieve program objectives and district goals that provides an even greater opportunity for our students to transition from secondary to postsecondary educational programs with the inclusion of a Testing Site/Licensed Instructor development strategy under **Focus Area 4** in Electrical and Welding Trades.

TEA Program Requirement 5: Identify at least one industry partner that will assist with curriculum development to support relevant and frequent industry experiences for students participating in the program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point. **Applicants applying for Focus Areas 1, 2, or 3 must address this question.**

Our industry partners (Quality Air and Electrical, Airgas, and Laredo Discount Metals) will assist with curriculum development to support relevant and frequent industry experiences for students participating in the Testing Site/Licensed Instructor development strategy under **Focus Area 4** in Electrical and Welding Trades.

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 240901

Amendment # (for amendments only):

TEA Program Requirement 6: Propose a sustainability plan to ensure that the school(s) will continue to meet the goals of the grant program after the end of the grant program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Applicants applying for Focus Areas 1, 2, or 3 must address this question.

The Career Technical Education Program implementation, design and program evaluation of the sustainability plan is designed to provide necessary feedback to build capacity and support rigorous professional certification and site testing standards for **Focus Area 4** in our offered **Career Cluster Pathways**.

The sustainability plan will also provide a mechanism of higher accountability for teachers, and a coherent sustained leadership program that fosters a synergetic educational environment that emanates academic excellence and transforms the school culture. The Laredo ISD, Career Technical Education Program, School Leadership Team, The Sabas Perez School for Engineering, Laredo Community College (LCC), Texas A&M International University (TAMIU) and our Industry Partners (Quality Air and Electrical, Airgas, and Laredo Discount Metals) have designed a strong sustainability plan to ensure that the program will continue to meet the goals of the Construction Trades program activities implemented as planned to include process, product, and program outcomes under **Focus Area 4** in our offered **Career Cluster Pathways**.

Our commitment and focus on academic excellence allows for our under-served and economically disadvantaged community to embrace challenges as opportunities to achieve and maintain high academic standards through best practices and embedding technological innovations in the classroom that inspire a rich and productive learning environment regardless of the socio-economic backgrounds of our student population. Laredo ISD's Sabas Perez School for Engineering has the capacity to sustain the **Career Clusters** under **Focus Area 4** after the grant funding period ends.

Research indicates that there are five crucial conditions described that create positive and high performing changes that will help drive the management plan and build capacity to sustain the **Career Clusters Pathways** under **Focus Area 4** that include: **a)** a relevant focus; **b)** apply a top-down approach; **c)** leadership commitment; **d)** comprehensive involvement; **e)** external coaches (Juechter, Fisher, & Alford, 1998; Harris and Lambert, 2003).

The Testing Site/Licensed Instructor development strategy under **Focus Area 4** in Electrical and Welding Trades is designed to enhance, expand, grow and sustain Laredo ISD's current course offerings and this funding opportunity will now allow us to enhance and add this new pathway to our **Career Clusters** under **Focus Area 4** that provides an even greater opportunity for our students to transition from secondary to postsecondary educational programs and obtain industry certification in high demand, high wage occupations in our local and regional areas.

This sustainability plan is aligned to the marketable skills identified in high wage, high-demand occupations, Texas Accountability Intervention System (TAIS), state standards, district goals, instructional pedagogies, school improvement initiatives, program-specific provisions, assurances, and statutory requirements.

The results of our sustainability plan creates a student centered learning environment and provides increased opportunities and enhanced programs of study, students will increase academic and technical knowledge and skills linking specific career cluster resources with district efforts to implement, expand, and sustain our commitment to coordinating and building upon current educational and industrial partnerships that support building capacity for implementing a sustained Career and Technical Education Program **Career Cluster Pathways** under **Focus Area 4** that target our state, regional, and local high-demand, high wage occupations.

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 240901

Amendment # (for amendments only):

TEA Program Requirement 7: List capstone industry certifications and programs of study that were identified in partnership with postsecondary, industry, or other LEAs. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Applicants applying for Focus Area 4 must address this question.

The capstone industry certifications and programs of study are identified in partnership with our Career Technical Education Program, School Leadership Team, The Sabas Perez School for Engineering, Laredo Community College (LCC), Texas A&M International University (TAMIU) and our Industry Partners: Quality Air and Electrical, Airgas, and Laredo Discount Metals.

The capstone industry certifications and programs of study having a Testing Site/Licensed Instructor under **Focus Area 4** in Electrical and Welding Trades will provide opportunities for our students to obtain dual credit, advanced placement (AP), certification, and degrees in high-demand, high wage occupations in key local and regional industry clusters providing greater opportunities for our students to transition from secondary to postsecondary educational programs.

Capstone Coursework

Program of Study	High School Course	College Credit	Certification	Degree
Construction Trades (47-1011) <u>Electrician (47-2110)</u>	(Capstone) Construction Technology II – High School ELPT 1429 Residential Wiring – Dual Credit Electrician Helper 1 - Certificate			Associate in Arts Associate in Science or Associate in Applied Arts and Science Degree or Bachelor in Arts or Bachelor in Science Degree

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 240901

Amendment # (for amendments only):

TEA Program Requirement 8: Explain how the awarding of a Perkins Reserve Grant will complement the existing CTE program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Applicants applying for Focus Area 4 must address this question.

The designed Testing Site/Licensed Instructor under **Focus Area 4** in Electrical and Welding Trades will complement the existing Career Technical Education program that is aligned to the marketable skills as identified in our areas high wage, high-demand occupations, Texas Accountability Intervention System (TAIS), state standards, district goals, instructional pedagogies, school improvement initiatives, program-specific provisions, assurances, and statutory requirements. Laredo ISD has long sought opportunities that increase student preparedness to become college and career ready by addressing both current and future local and regional workforce needs.

These key partnerships with our Career Technical Education Program, School Leadership Team, The Sabas Perez School for Engineering, Laredo Community College (LCC), Texas A&M International University (TAMIU) and our Industry Partners: Quality Air and Electrical, Airgas, and Laredo Discount Metals provides opportunities for our students to obtain dual credit, advanced placement (AP), certification, internships/externships, and post secondary degrees in high-demand occupations in key local and regional industry clusters that provides an even greater opportunity for our students to transition from secondary to postsecondary educational programs.

Testing Site/Licensed Instructor under **Focus Area 4** in Electrical and Welding Trades is designed to enhance, expand, grow and sustain Laredo ISD's current course offerings and this funding opportunity will now allow us to enhance and add this new pathway to our **Career Clusters** under **Focus Area 4** that provides an even greater opportunity for our students to transition from secondary to postsecondary educational programs.

Testing Site/Licensed Instructor under **Focus Area 4** in Electrical and Welding Trades leads to dual-credit and a one semester Certification program in Electrical and Welding Trades that is included in our plan under **Focus Area 4** in our offered **Career Cluster Pathways** that spans secondary and postsecondary education and includes an appropriate sequence of courses that are aligned with high-demand occupations identified by local regional workforce board that compliments our existing Career Technical Education Program. The Electrical and Welding Trades program includes the Testing Site/Licensed Instructor under **Focus Area 4** that will build in rigor as students progress through high school and complement and sustain our current **Career Cluster Pathways** as described on page 17.

Our educators are passionate and have a strong desire to Helping our students to become college and career ready while supporting them in their completion of certificates and degrees. Increasing teacher effectiveness in industry standards and expanding teacher capacity and incorporating resources to achieve higher student expectations have been a key part of our core strategy using resources allocated and applying the targeted funding to address specific rigorous, transparent, and equitable **Career Clusters** that are critical to the state and local economies under **Focus Area 4**.

The results of our Testing Site/Licensed Instructor under **Focus Area 4** in Electrical and Welding Trades creates a student centered learning environment and provides increased opportunities and enhanced programs of study, students will increase academic and technical knowledge and skills linking specific career cluster resources with district efforts to implement, expand, sustain and compliment our commitment to coordinating and building upon current educational and industrial partnerships that support building capacity for implementing a sustained Career and Technical Education Program **Career Cluster Pathways** under **Focus Area 4** that target our state, regional, and local high-demand, high wage occupations.
